

National University of Medical Sciences, Islamabad.

Postgraduate Certificate in Palliative Care Fall 2024

Admission to 3rd Batch of PG-CPC

1. Program Details:

Palliative care is a specialized medical approach designed to provide holistic support to individuals living with serious, life-threatening conditions. The course focuses on alleviating suffering through comprehensive management of physical, emotional, and spiritual needs. By offering early intervention, meticulous assessment, and personalized treatment of pain and other symptoms, palliative care empowers patients and their families to face the challenges of illness with dignity, comfort, and care. This is a 26-week online certificate program with hybrid workshop (24-week self-study with synchronous online sessions). The program comprises of prerecorded video lectures by expert in palliative care /oncology and interactive online teaching sessions. Online learning is conducted via NUMS digital e-learning portal, accessible to faculty and participants through their personal accounts. A hybrid workshop on communication skill is conducted at NUMS campus for which participants from Rawalpindi and Islamabad participate physically whereas rest of the participant can participate through zoom link.
