

Infrastructure Tour

Purpose

This tour is conducted by the Architect. The focus of this tour is to evaluate adequacy of infrastructure in terms of space, seating requirements, hostel and other facilities for medical education. The architect will review the map (CAD) and will ensure that the infrastructure is in alignment with the drawings and its corroboration with PMDC requirements.

Location

All facility areas.

Tour Participants

- One representative from administration
- One representative from project team (if available)

Surveyor(s)

Architect

Standards/Issues Addressed

Recognition Standard 1: Infrastructure

Documents/Materials Needed

- CAD Map of the facility
- Seating plan of the facility
- Hostel facilities design

What Will Occur

The surveyor(s) will visit the hospital to ensure that the infrastructure is sufficient and adequately spaced to meet the needs of the students, faculty and other staff. Visit will cover IPD, OPD, OR and critical areas including other operational areas/units of the facility in general. These visits will include comparison of map/drawings to the actual structure.

How to Prepare

To evaluate the compliance to relevant standards, review the documents provided by the college. Based on the review, conduct an infrastructure tour/session with the following list of questions answered:
